

## DON'T WORRY ABOUT THAT ITCHING RASH

Don't worry any more about that itching skin-trouble. Just spread a little resinol ointment over the sick skin and the itching disappears, as if you had simply wiped it away!

And—even more important—this soothing, healing ointment gets right to the source of the trouble and rarely fails to clear away every trace of the unsightly, tormenting eruption.

Doctors have prescribed resinol ointment for over twenty years, and thousands owe their clear, healthy skins to its use. It contains nothing that could injure or irritate the tenderest skin. Sold by all druggists. Sample free. Dept. 29-R, Resinol, Baltimore, Md.

## MILLIONS WILL BE SPENT ON STATE ROADS

(CONTINUED FROM PAGE ONE.)

the \$40,000 for this county, the grand total would be \$5,500,000. Cut that amount half in two and then the various counties would have more than two and a quarter million dollars.

The county commissioners of this county have decided to work all county prisoners on the roads and bridges. More than this, the commissioners will work the large number of city prisoners. Under the state law the county may work the city prisoners. The excise board of this county will appropriate \$20,000 for roads and bridges, which is possibly the smallest estimate of any county in the state.

At the beginning, the commissioners will improve the main roads and then improve the side roads which are not generally used. Under the co-operation of the state highway department, the various counties, improving the main highways, the state within a year will have improved roads completely across the state. Oklahoma now has very bad roads, despite the efforts of the highway departments. Under the new law 90 per cent of the auto tax money goes back to the county from which it originated. The money must be used for road improvement. The highway commissioner estimated 25,000

## Women Need Not Worry or Suffer

Terrible Ailments Once Considered Serious Now Easily Conquered and Speedily Ended.

The mighty restorative power of Dr. Pierce's Favorite Prescription speedsily causes all womanly troubles to disappear—compels the organs to properly perform their natural functions, corrects displacements, overcomes irregularities, removes pain and misery at certain times and brings back health and strength to nervous, irritable and exhausted women.

It is a wonderful prescription prepared only from nature's roots and herbs with no alcohol to falsify stimulate and no narcotics to wreck the nerves. It banishes pains, headache, backache, low spirits, hot flashes, dragging down sensation, worry and sleeplessness surely and without loss of time.

Why should any woman continue to worry, to lead a miserable existence, when certain help is at hand?

What Dr. Pierce's Favorite Prescription has done for thousands it will do for you. Get it this very day from any medicine dealer, in either liquid or tablet form. In the meantime address Dr. Pierce Invalids Hotel, Buffalo, N. Y., and simply write "Dear Doctor: Please send me without charge further information," and you will receive the advice of a Physician Specialist absolutely free. 136 page book on women's diseases sent free.

Every woman should be careful that the liver is active and the poisons are not allowed to clog the system—get rid of these poisons by taking a vegetable laxative occasionally—such as Dr. Pierce's Pleasant Pellets. They do not gripe and will not harm the most delicate system. Dr. Pierce's Pellets clear the complexion.

## THE METHODIST UNIVERSITY OF OKLAHOMA

## Haranguing Crowd at Undertaker's in Marietta, Ga.

Shortly after the body of Leo M. Frank, lynched by a mob at Marietta, Ga., was cut down and hurried to Atlanta by Judge Norris a crowd collected in front of the local undertaker's shop, believing the body had been taken there. This photograph shows a man making a speech to the crowd to keep them from breaking into the place to see the body.

to 30,000 automobiles in the state. The lowest tax collected is \$11. The highest will run \$15 and perhaps \$30. The tax is fifty cents per horse power.

## Imperial Government Has No News.

Berlin, Aug. 25.—Ambassador Gerard today called on Foreign Minister Von Jagow and asked for information on the Arabic affair. He learned that the imperial government had no official news.

## Next Communication Will

Be "Very Friendly." Washington, D. C., Aug. 25.—President Wilson was informed, unofficially, from sources close to Bernstorff, that the next communication from Berlin on the Arabic will be of a satisfactory character. It is regarded as foreshadowing a favorable German proposal regarding the submarine attacks on passenger-carrying vessels. Assurance of every desire on the part of Berlin to avoid a break has relieved the situation. Chairman Simmons of the senate finance committee, who saw the President today and said the situation seems to be much better as a result of Bernstorff's telegram.

## GIRL SHOTS FATHER AS HE CHOKES MOTHER

Logansport, Ind., Aug. 25.—Finding her father, Sylvester Moorhead, kneeling over his prostrate wife and choking her, Mabel Moorhead, aged 14, ran to a cupboard, got a revolver and fired four bullets into her father's body.

Moorhead was hurried to the hospital, where it was found he has a bullet in his neck, two in his right shoulder and one in his right forearm. His recovery is doubtful.

The girl says she was attracted by her mother's screams and ran to the room to find her father choking and beating his wife.

## GUTHRIE GIRL TO TRY OUT FOR MOVIES

Not in some far away city—but right here in Oklahoma, in Medicine Park, a film manufacturing company will shortly begin filming western dramas and comedies for release all over the United States.

This company is using common sense tactics—it believes that Oklahoma has just as beautiful and talented girls as may be found and to discover the girls best adapted for their requirements, have arranged through the Lyric theater among others in the state to send a representative of local beauty to Medicine Park for one week as a guest of the Mid-Western where she will have an opportunity to display her qualifications for their leading lady in a great spectacular feature production using the entire Oklahoma bouquet of beauty—100 fair girls in

## TIN BRIDGES WILL NOT BE TOLERATED IN STATE

Recent official act of George Noble, state highway commissioner, indicate that he will follow the policy of his predecessor in the matter of requiring materials of a permanent nature in the construction of culverts for highways. A number of culverts of the "tin can" quality recently have been held up.

"The law," said Commissioner Noble, who is here today, "requires concrete, stone or steel. These are regarded as permanent improvements and it is specifically mentioned that such culverts as have been used heretofore in the state, designated as 'sanitized iron culverts,' can not be considered to be permanent construction work."

"We have refused to let the building of other culverts than those constructed of stone, steel or concrete."

One day last week a telephone complaint to the corporation commission stated that a threshing machine had been on the road several days longer than it should have been and that the consignee could get no news as to when he would receive it. The commission took the matter up by telephone with the railroad and the machine was delivered the next day. On Saturday the commission received the following letter:

"We got the threshing the next day after we phoned you. The agent said he did not want us to do that again. He claims you made them move too fast. We don't think the freight is correct. Will you please have the matter looked up? Expense bill enclosed."

Where the shippers believe they have been overcharged for freight the commission checks the expense bill and if there is an overcharge there is a refund. These matters are handled without a formal complaint and without trial.

## IF BACK HURTS BEGIN ON SALTS

Flush the Kidneys at once when Back-ache or Bladder bothers—Meat forms uric acid.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headache, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of swelling, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure, makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

## COMMISSION MAKES HIM MOVE TOO FAST

One day last week a telephone complaint to the corporation commission stated that a threshing machine had been on the road several days longer than it should have been and that the consignee could get no news as to when he would receive it. The commission took the matter up by telephone with the railroad and the machine was delivered the next day. On Saturday the commission received the following letter:

"We got the threshing the next day after we phoned you. The agent said he did not want us to do that again. He claims you made them move too fast. We don't think the freight is correct. Will you please have the matter looked up? Expense bill enclosed."

Where the shippers believe they have been overcharged for freight the commission checks the expense bill and if there is an overcharge there is a refund. These matters are handled without a formal complaint and without trial.

## AUTOMOBILE DISPLAY WILL BE FAIR EVENT

The big automobile display this year will be a new and very important feature of the fair. There are about 55 different manufacturers with space and full exhibits. These will be under the management of expert demonstrators. Every day there will be some special automobile feature that will be shown and these will add greatly to the full programs such as are usually provided at fairs. The visitors will certainly be busy all the time if they try to keep track of all that will be provided for their entertainment and enjoyment.

## UNITED STATES WOULD TAKE OVER HAITI

(BY Associated Press.) Washington, D. C., Aug. 25.—Secretary Lansing said today that the treaty of the United States submitted to Haiti, proposing a ten years' control of the island and its finances had for its purpose the establishment of a government which would be entirely turned over to the Haitians themselves.

## SHORT BALLOT ADVOCATED AT BOSTON MEETING

(CONTINUED FROM PAGE ONE.) not the driving power. It is essential that the executive department of the state government should be clothed with more power and more responsibility and held directly accountable to the people. What power is vested in the executive department a check could be had upon the executive through what is

commonly known as the recall, so that where a bad government is selected by electors it can be corrected by them.

Boards and commissions are often so constituted that they thwart the will of the executive and of the people. They are frequently created for the purpose of aiding some particular interest and not to serve the general welfare. They give some special organization an opportunity to participate in the administration of public affairs.

With the short ballot and with the people made fully cognizant that they were voting for a business manager as well as for an executive head, even if it were necessary to vote for two or three other executive department officers a workable government would result. Let executive power be centered somewhere to bring efficiency and economy. The short ballot will bring this about.

The placing of a large appointive authority in the hands of a responsible official who can be made easily answerable to the people increases, rather than decreases the power of the electorate to express its will. How often has it happened that the people have made an apparently successful fight upon some issue through the election of an official whose office was such as to command their attention and whose duties and powers were supposed by them to be such as to enable him to accomplish for them the things they desired accomplished, only to find themselves blocked by some other official elected by themselves at the very same time, but whose position was believed to be so insignificant as not to merit their attention and, therefore, did not receive it.

I believe in the right of the people to express their will and I believe that that will, having been expressed, should be carried into effect. I therefore, believe in enlarged powers for those officials whose positions demand and receive public attention and a lessened over for those officials whose positions do not receive due attention from the voters, and hence, I favor the removal from the ballot of all names whose presence can accomplish nothing to confuse.

## LOCAL MOMENT

The women in her neighborhood out in Bear Creek say that Mrs. Tug Watts weeps so much about her housework that her cooking needs no salt.

Many county fairs in Oklahoma are this year substituting a lecture course on practical farming topics to take the place of the usual speed program.

President Grimbine of the Northwestern State Normal at Alva is the next state senate head to be decapitated. Charges have been "preferred."

Paul Curry, the boy who captured Henry Starr will receive the \$1,000 reward offered by the state, according to Ansel Egan, private secretary to the governor.

Nothing has yet been heard from the Oklahoma City bar association's report on the condition of the sup-

reme court club's office. Will "Bob" ignore the report?

A gas gusher has a capacity of 4, 500,000 feet per day.

Boys at Frederick, in the southern part of the state yesterday, held up a bible salesman and robbed him of his "roll" which consisted of 35 cents. They escaped with the loot.

Eleven thousand dollars in gold was distributed among the Oklahoma guards men at Camp Dorothy Hoffman today.

The Modern Brotherhood of America will meet in McNulty's hall tomorrow evening. All members requested to be present.

The school board of Oklahoma City declared a truce and will bury the dead past. A new superintendent will be elected this week.

Henry Overholser, Oklahoma City's foremost citizen is dead and the entire city mourns the loss. Overholser did more to build the capital city than any other one person.

Mr. and Mrs. Roman Goat traded at Seminole this week. They were accompanied by their two kids Nannie and William.

The damage suit brought by the county attorney of Oklahoma City against the Arlington Club for \$200,000 for violating the law 300 days at \$1,000 per day has been given a setback by Judge Hayson who ruled that each count must be stated and supported separately and not blanket fashion. Embury says he will do that, too.

## TOPICS OF THE TOWN AND STATE

**Acting Mayor Clothier Will Appoint Delegates.**  
 Mayor Nisley has been authorized by the International Irrigation Congress to appoint five persons from Guthrie to attend as delegates. The meetings will be held in several California cities during September. Acting Mayor Clothier is desirous of appointing ones who will attend and is ascertaining who will be in California during the third and fourth week in September.

**Cryan at Ponca City.**  
 W. J. Bryan will speak at Ponca City on the night of September 2 on "Preparedness." A number of the ex-secretary's admirers will go from here to hear him.

**Smooth Swindler.**  
 A man is going about Oklahoma pretending to be a poultry inspector. He condemns chickens for certain diseases and in a smooth way tells the farmer that he will take them along and have them killed. He sells them to the nearest poultry dealer.

**Drowned in Washita.**  
 Shelby Thomason, aged 20, while attempting to swim the Washita river near Davis, was drowned. Two other boys with Thomason swam the river in safety. While about half way across the swift current caught Thomason and bore him down.

**Farmer Burned to Death.**  
 In an attempt to extinguish a fire in his hay stack, John S. Early, farmer, living near Cordell, slipped and fell into a crevice in the hay and was burned to death before he could be rescued. His charred body was found about an hour afterwards.
